

the General Fund and \$35,000 from the federal funds for the period from July 1, 1978, to June 30, 1979. The federal funds are for the one time only work on the roof. It is an involvement of state with federal match on this historic structure so the first year costs do include renovation work on that one roof the only point of maintenance problem in the six structures. Continuing costs therefore, will be less. Like all the rest of the A bills, of course, this bill should be held on Final Reading so that the Legislature can look at all the A bills that are pending and exercise its judgement on priorities. I am asking only that the A bill therefore be advanced like other bills and then when it comes time to consider what A bills we can really fund this year, this will one will have to undergo scrutiny like all the rest. That is the appropriate thing to do and that is the basis of my request to you, that we advance this A bill to E & R Initial.
